School's mission

At IU English Academy, our mission is to provide comprehensive language education for students who are preparing to study or work overseas. We know that applying to foreign universities requires not only good academic performance, but also rich and colorful extracurricular activities. Therefore, our courses not only focus on solid English training, but also include extracurricular activities as an important part of teaching.

At IU English Academy, we encourage students to participate in various clubs and volunteer activities on campus. These activities not only help students develop language skills, but also develop leadership skills, teamwork and social responsibility. By participating in extracurricular activities, students can expand their horizons, build a wider network of people, and be fully prepared for future studies and employment.

At IU English Academy, we believe that in addition to learning English in the classroom, you can also gain valuable learning experiences through a variety of extracurricular activities. We are committed to providing every student with the highest quality educational resources and the richest learning opportunities to help them realize their dreams and potential.
